Emergency Room Skills Checklist

Please check the column that best describes your experience level with each skill.

Key:

1 - Performs well (no assistance required)

2 - Some experience (some assistance required)

3 - No experience

4 - Not applicable

	1	2	3	4
Care of Trauma Patient				
major trauma	_____	_____	_____	_____
minor trauma	_____	_____	_____	_____
air transport of a trauma patient	_____	_____	_____	_____
care of patient in M.A.S.T.	_____	_____	_____	_____
care of patient w/ gunshot wounds	_____	_____	_____	_____
peritoneal lavage	_____	_____	_____	_____

Care of Patient with Burns				
first degree	_____	_____	_____	_____
second degree	_____	_____	_____	_____
third degree	_____	_____	_____	_____
electrocution	_____	_____	_____	_____
dressing procedure	_____	_____	_____	_____
care of patient exposed to hazardous materials	_____	_____	_____	_____
care of patient exposed with radiation exposure	_____	_____	_____	_____

	1	2	3	4
Care of Patient with Respiratory Emergencies				
pulmonary edema	_____	_____	_____	_____
C.O.P.D. (acute and chronic)	_____	_____	_____	_____
pneumothorax	_____	_____	_____	_____
procedures/equipment for respiratory patients	_____	_____	_____	_____
assisting with intubation	_____	_____	_____	_____
assisting with extubation	_____	_____	_____	_____
tracheotomy	_____	_____	_____	_____
obtaining arterial blood gases from radial artery	_____	_____	_____	_____
from femoral artery	_____	_____	_____	_____
from arterial line	_____	_____	_____	_____
assisting w/setting up arterial line	_____	_____	_____	_____
care of patient on ventilator	_____	_____	_____	_____
O ₂ mask	_____	_____	_____	_____
O ₂ Cannula	_____	_____	_____	_____
T-tube	_____	_____	_____	_____
ambu bags	_____	_____	_____	_____
laryngoscope	_____	_____	_____	_____
cuffed endotracheal tube	_____	_____	_____	_____
non-cuffed endotracheal tube	_____	_____	_____	_____

	1	2	3	4
Care of Patient with Respiratory Emergencies				
trach tube	_____	_____	_____	_____
O ₂ cylinders	_____	_____	_____	_____
nebulizer set up	_____	_____	_____	_____
oropharyngeal suction	_____	_____	_____	_____
nasotracheal suction	_____	_____	_____	_____
endotracheal suction	_____	_____	_____	_____
assisting w/ set up of chest tube insertion	_____	_____	_____	_____
use of pleur-evac drainage system	_____	_____	_____	_____
use of Emerson drainage system	_____	_____	_____	_____
use of rotating tourniquets	_____	_____	_____	_____
care of patient with pacemakers				
assist w/ insertion of temp. pacemaker	_____	_____	_____	_____
assist w/ insertion of perm. Pacemaker	_____	_____	_____	_____
trans-thoracic pacemaker	_____	_____	_____	_____
pervenous pacemaker	_____	_____	_____	_____
set up and use of C.V.P. readings	_____	_____	_____	_____
set up and use of Swan Ganz	_____	_____	_____	_____
interpretation of C.V.P. readings	_____	_____	_____	_____
interpretation of Swan Ganz readings	_____	_____	_____	_____

Care of Patient with Gastrointestinal Problems				
G.I. Bleed	_____	_____	_____	_____
abdominal wounds	_____	_____	_____	_____
G.I. Tubes: ie: Blakemore	_____	_____	_____	_____
acute abdominal disorders	_____	_____	_____	_____
gastric lavage	_____	_____	_____	_____

Care of Patient with Renal Disorders				
acute renal failure	_____	_____	_____	_____
peritoneal dialysis	_____	_____	_____	_____

Care of Patient in Shock				
anaphalactic	_____	_____	_____	_____
cardiogenic	_____	_____	_____	_____
septic	_____	_____	_____	_____
hypovolemic	_____	_____	_____	_____

Care of Patient w/ Orthopedic Injuries

pre-fab splint _____
 set up for cast application _____
 checking C.M.S. _____
 use of OCL splint _____

Care of Patient w/ Eye Injuries

Morgan Lens _____

Care of Patient w/ Lacerations

setting up suture tray _____

Care of Pediatric Emergencies

calculating emergency med. Dosage _____
 pediatric arrest/resuscitation _____
 drowning _____
 recognize child abuse _____
 recognize procedures for child abuse _____

Care of Obstetrical Emergencies

spontaneous abortion _____
 hemorrhage _____
 placenta previa _____
 abruptic placenta _____
 preeclampsia/ eclampsia _____
 emergency delivery _____
 care of pt. w/ communicable diseases _____
 other _____

Care of Patient with Psychiatric Emergencies

suicidal patient _____
 overdose _____
 use of restraints _____

Care of Patient with Neurological Emergencies

neuro assessment _____
 monitoring neuro vital signs _____
 use of Glasgow coma scale _____
 acute head injury _____
 acute T.I.A./C.V.A. _____
 acute spinal cord injury _____
 use of seizure precautions _____
 monitoring intracranial pressure _____
 assisting with procedure for burr holes _____
 use of cervical neck collar _____
 spinal immobilization _____
 procedures for moving a patient w/
 cervical and spinal cord injuries _____
 use of back boards _____
 assist with lumbar puncture _____
 knowledge and use of :
 Dilantin _____
 Phenobarbital _____
 Decadron _____

Care of Patient with Cardiovascular Problems

protocol for TPA use _____
 protocol for streptokinase use _____
 acute MI, CHF, angina _____
 abdominal aortic aneurysm _____
 cardiac monitoring _____
 recognizing arrythmias _____
 obtaining 12 lead EKG's _____
 cardiopulmonary arrests _____
 cardioversion _____
 defibrillation _____
 preparation/calculation of emergency drugs:
 Lidocaine _____
 Bretylium _____
 Nipride _____
 Dopamine _____
 Isuprel _____
 Digitalis _____
 Sodium Bicarbonate _____
 Atropine _____
 Epinephrine _____
 Dobutrex _____
 Tridil _____
 open chest heart massage _____
 blood transfusion _____
 auto transfusion _____

Care of Patient with Sexual Assault/Abuse

rape kit _____
 reporting procedures for criminal acts _____

Miscellaneous Instruments/Trays

pelvic tray _____
 cut down tray _____
 trach tray _____
 IV therapy _____
 IV insertion _____
 Heparin lock _____

Certifications Expiration Date

TNCC _____
 ACLS _____
 CEN _____
 BTLS _____
 Other _____
 Other _____

Additional Skills/Experience:
